PROFESSIONAL SUMMARY

Frontend-focused Full Stack Developer with hands-on experience in designing, developing, and maintaining responsive web applications using HTML, CSS, and JavaScript, along with basic experience in back-end integration and API support. Adept at translating UI/UX designs into functional interfaces, debugging issues, and improving application performance. Seeking an opportunity to apply problem-solving skills and technical expertise to real-world web development projects while continuously enhancing full stack capabilities.

EDUCATION

B.Tech in Computer Science , GITA Autonomous College	2020 – 2024
Relevant Coursework in DSA, OOPS, Development, Software Engineering Principle and Database Management.	Bhubaneswar, Odisha
CGPA - 8.7	
Intermediate , Sri Chaitanya Educational Institute	2018 – 2019
CGPA - 7.16/10	Visakhapatnam
Matriculation , DAV Public School	2017 – 2018
CGPA - 7.8	Ranchi Jharkhand

WORK EXPERIENCE

Web Developer , Akhilagya Technologies	10/2024 – 30/2025
- Developed and maintained responsive web applications using HTML, CSS, and JavaScript. - Implemented front-end features with a focus on performance, usability, and cross-browser compatibility. - Worked on UI implementation by converting design mockups into functional web pages. - Supported back-end integration, API testing, and basic server-side functionality. - Performed testing, debugging, and issue resolution to ensure application stability. - Collaborated with team members to meet project requirements and deadlines. - Followed coding standards and best practices during development and maintenance.	Ranchi, Jharkhand

FREELANCE EXPERIENCE

Group Logistics (Front-End Developer) , (React.js, Framer Motion, Firebase, Vercel, Git & GitHub)
- Developed a sleek and responsive website using ReactJS, ensuring fast load times and smooth navigation across devices. Implemented modern UI elements with Tailwind CSS and Framer Motion for engaging user interactions and polished animations. - Structured sections for services, contact, and about, showcasing brand identity and professionalism with a clean, minimalist design
Restaurant Promo Poster (Graphic Designer) , (Canva)
- Designed an eye-catching promotional poster for a local restaurant to attract walk-in customers. Focused on bold typography, vibrant color schemes, and clear messaging to match the brand's identity. - Delivered multiple design variations based on client feedback.

PERSONAL PROJECTS

Expense Tracker , (React.js, Framer Motion, JavaScript, Firebase, GitHub)
A web-based application for tracking expenses and managing transactions. It features real-time balance updates, user authentication, interactive dashboards with charts, and secure data handling using Firebase. Built with React.js, the app offers a clean and intuitive interface for efficient money management.
FreelanceFlow – Freelance CRM Tool , (MERN Stack, AWS Q, MongoDB Atlas)
Developed a full-stack Freelancer CRM (Client Relationship Management) platform designed to help freelancers manage clients, invoices, payments, and project workflows. Built using the MERN stack with secure authentication, automated payment reminders, meeting notes, and project tracking. Integrated cloud database using MongoDB Atlas for scalable and real-time data access.
Data Analysis Dashboard , (Python, Flask, NumPy, pandas, HTML, CSS, JavaScript, REST API)
Built a web application that allows users to upload CSV files and perform comprehensive statistical analysis, including mean, median, standard deviation, and correlation. Developed RESTful APIs to handle data processing and served interactive visualizations for effective data interpretation and insights.

TECHNICAL SKILLS

Languages: Python, Core Java, JavaScript, HTML, CSS
Framework/Libraries: React.js, Tailwind CSS, Bootstrap, Express.js, NumPy
Design Tools: Figma, Canva
Query Languages/ Databases: MongoDB, Firebase, SQL, MySQL
Other Tools: Git & GitHub, VS Code

EXTRACURRICULAR ACTIVITIES

Leadership & Club Activities
- Taught juniors the basics of web development as a core member of the Coding Club and guided them through coding challenges. - Led the Music Club as the in-charge, overseeing events and mentoring members. - Designed creative posters for the coding club to promote events and initiatives.
